

Join the Movement LIVE! Pricing Breakdown

This document shows how much money is spent on space rentals each week, as well as my desired hourly rate for teaching and prepping. This breakdown focuses on the core costs of space rentals and teaching hours. It doesn't account for the countless hours spent dreaming up this project, creating the website, marketing, and planning - an additional labor of love.

Program Breakdown

Prep Time	11 hours (1hr/wk)

Pricing Options

Your contribution helps to cover rental costs, as well as teaching and preparation. My desired hourly rate for teaching and prepping is \$45/hr at its lowest and \$65/hr at its highest. The **total cost** combines the total hours of teaching, prepping, and rental space for the duration of the 11 rehearsals.

The ideal number of participants for this showcase is 6-8 people. Of course, with more people, your suggested rate goes down! Invite a friend to Join the Movement with you!
